ON LORD, HOW LONG!

Everybody almost, including most of the members of the legislature, had hoped that the session would end this week. Prospects for that desirable objective went aglimmering when the Senate Tuesday evening hoisted the State income tax rate from 20 to 25 per cent. of the Federal normal and surtax rate, thus precipitating, without question, a very bitter fight when the measure comes before the Assembly for its approval of the raise in the "ante."

Just to make a fight certain there was inserted a real "stinger" making the provision retroactive to July 1, 1934.

No better opportunity could have been offered the Epics to again contend for their proposal that the rate be 33 1/3 per cent. and how those boys will love the chance to try and write it in the bill! Be it said that none of them is afflicted with paralysis of the tongue and their vocal organs are due for prolonged and raucous exercise. When the shouting and the tumult dies the people of California, patient and long-suffering from taxes and a deluge of wasteful and meaningless words, will find that they have paid a price for the useless extension of a legislative session, the accomplishments of which could fitly and truthfully be portrayed by the issuance of a large volume made up of blank pages.

PICKED CLEAN

The President tacitly admits that there is not a feather left on the Blue Eagle and that the bird might as well be put out of its misery.

Word comes from Washington that a midge or hummingbird variety of the kind of the air will likely be enacted, but further than that no legislation will be enacted at this session of Congress. But its voice will not be heard in the land as it has not learned to sing any of the alphabetical tunes that were the joy and delight of New Dealers.

Much surprise has been expressed in many quarters that the President has taken it "on the chin" and does not attempt to save what he can of the wreckage caused by the decision of the Supreme Court. His attitude, of course brings joy to the hearts of the Republicans, as naturally they enjoy the discomfiture of their opponents and make it manifest by sitting up and chirping, "I told you so."

"It seems to me," said Republican Leader Snell, "that if the NRA had so many redeeming features as its supporters and propagandists have told the American people it had, it is certainly surprising to have it abandoned without any effort whatsoever of preserving those parts of it that are admitted to be of benefit to the people and probably could be taken care of within the limits of the Supreme Court decision."

BLONDE IS SOUGHT BY U. S. POLICE

TACOMA, June 6.—UP—As a recovery of ransom bills and reports of suspicious cars indicated tonight that some of George Weyerhaeuser's kidnapers were fleeing eastward, the Federal Bureau of Investigation partially lifted the veil of silence that has shrouded its efforts to solve the case.

Federal agents made public the nine year old boy's description of the "grey frame dwelling with gables in front" where he was held for four of the seven and a half days of his captivity.

They thus met the criticism of King County (Seattle) and other peace officers that they had failed to offer any information that might aid police in a co-operative search.

At the same time, they revealed that two clerks at the Tacoma postoffice believe they can identify the "Egoist" or his emissary—the man who mailed a special delivery ransom note at 5 P. M. May 24, six hours after George was kidnapped from the curb.

The man wore a grey suit and a grey cap, the clerk said, but they were prevented by federal agents from describing him more minutely.

SEEK BLONDE

SEATTLE, June 6.—UP—The George Weyerhaeuser kidnap investigation led tonight to a beautiful blonde woman of 25, her alleged common-law husband who is wanted on buncos charges, and to the 1929 Cadillac sedan registered to the girl and seen in Utah today.

Three days after the kidnapping, federal agents visited the apartment which Miss West had vacated and inquired closely about her and her companion, Don Dawes.

Film Infringement Suit Is Settled

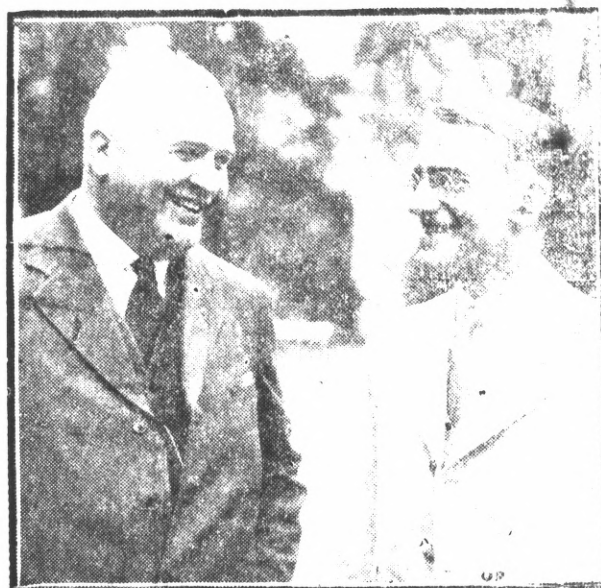

SAN FRANCISCO, June 6.—UP—Leon F. Douglass' suit against Fox Film Corporation asking for an accounting and a share of millions of profits assertedly made from infringement of patents on his color photography processes was dismissed here in Federal court today.

The dismissal was agreed to by both sides, attorneys intimating a settlement, terms of which were not disclosed, had been made out of court.

Awaiting Call

Boyer, president of the university, during the Eugene visit.

Mrs. J. Selvester Takes The Cake

A touch of sentiment was added yesterday to the Record-Herald cooking school when it came to the distribution of the prizes. Guerons in the form of the dishes that that mistress of cooking, Miss Hester Heath had prepared, were given to the youngest bride present, the lady who had attained the greatest age without being married, and the woman longest married.

Mrs. John Selvester of 1205 Barrett avenue was the one among those present who had successfully steered the matrimonial bark on marital seas in all kinds of weather the greatest length of time, she having been skipper, or anyway copilot of the bark, for the not inconsiderable period of 48 years on the 15th of January of this year. And she was proud of it. Most fitting, therefore, it was that she should be awarded a fine, big luscious cake, prepared by the deft hands of Miss Heath.

Incidentally the crowd had gained in numbers and there was never a more attentive and interested audience than that which listened to Miss Heath expound and demonstrate the secrets of her art.

The cooking school session this afternoon is the last of the series of four for this year. Not only will many dishes be prepared

GOVERNOR IS ANGERED BY SOLONS ACTS

SACRAMENTO, June 6.—UP—Governor Frank F. Merriam tonight said he would not sign the recently approved \$364,000,000 state budget bill until the legislature provides means of raising sufficient money to balance its appropriations.

Objection voiced by Senate rejection of a State automobile tax to raise an estimated \$18,000,000 annually, he said he was "absolutely opposed" to an additional tax as suggested in a joint revenue and taxation committee following defeat of the auto tax bill.

Governor Merriam said he would hold the budget bill and trim it to meet revenue possibilities. The legislature does not provide adequate taxes.

A tax announcement that he will refuse to sign the \$364 million dollar 1935-36 budget until adequate revenue is provided was made by the Governor at a press conference.

"I want the word to go out that I am going to hold up the budget until the revenue appears," Governor Merriam said. "If sufficient revenue is not provided I will cut the budget to fit the State's income."

"Every dollar of the five million added by the legislature to my recommendations will be trimmed from the budget. After that there will be either horizontal or vertical cuts which will probably affect every State institution."

Approximately 115 million in new taxation is needed to balance the budget. The legislature has completed action on \$67,500,000 new revenue.

Flood Menace Augmented By Raging Waters

MODESTO, June 6.—UP—Flood waters of the San Joaquin river roared with increasing force today as a break in the levee near Manteca threatened inundating additional thousands of acres.

Authorities reported repair of the break was impossible. An estimated 1,000 second feet of water was pouring through the levee.

Emergency efforts of SERA workers at the spot were ended when E. W. Cummings, San Joaquin county SERA director, with drew the men. He charged that lack of cooperation from farmers in the area made further labor futile.

Farmers reportedly contended that diversion of the flood waters over their rich lands would do more harm than good. Bumper crops and garden crops already have been ruined in many sections by the flood waters.

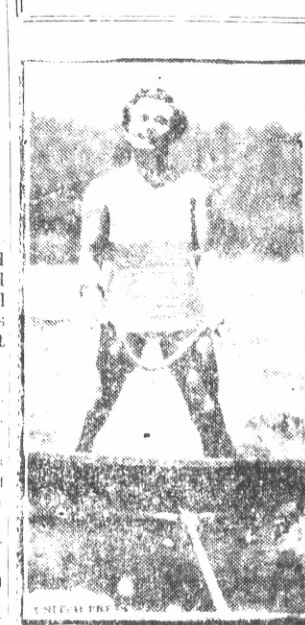

The river was reported still rising tonight as hot weather melted snows in the High Sierras to add to the flow.

Peace Pact Is Near In Ship Strike

SAN FRANCISCO, June 6.—UP—A proposition to end the Pacific Coast tanker strike was understood today to have been prepared by the Federal arbitration board, sitting in the long struggle for presentation to the disputants.

Terms of the proposal were not made public but Dr. Louis Bloch, secretary of the board, indicated a statement would be made by the board on the situation shortly.

Meanwhile, a new dispute flared on the waterfront when members of the International Longshoremen's Association objected to the size of loads in transshipping furniture cargo of the Pacific Steamship company at Pier 18 and 20.

The cargo was being unloaded from the Dorothy Alexander, in from Portland to the H. P. Alexander, bound for San Diego. Employ-ees of that line came, but each refused to handle these "strainers" claiming two to a strifter.

Intermittent action by the Seamen's Union, which resulted in the ouster of Paul Scherrenberg, secretary of the State Federation of Labor, from the local continued to produce smoke today.

A news story in the Western Worker, communist organ, predicted such other "conservative" leaders as Secretary George Larson and Treasurer L. A. Silva of the Seamen's Union of the Pacific and Secretary John McGovern of the Firemen's Union likewise would be "kicked out" of their unions.

Scherrenberg has protested the order to the executive committee of the International Seamen's Union.

PINOLE MAN IS KILLED IN ACCIDENT

Louis De La Briandais, 55, wealthy Pinole resident, died shortly before 1:30 this morning at a local hospital from the effects of injuries suffered in an automobile accident shortly before midnight last night.

Death is believed to have been caused by internal injuries sustained in the crash.

Richmond police, State highway patrolmen and Sheriff John A. Miller's deputies were investigating the accident early this morning.

HIT BY AUTO

According to reports to Richmond police, who checked the accident, the hospital, De La Briandais was struck down by a car driven by Paul F. Lowrey, 50, of Box 312, Rodeo. The accident, it was said, happened near the town of Pinole.

According to a preliminary investigation by police, De La Briandais was evidently walking along the highway when he was struck by the sedan Lowrey was driving.

AUTOPSY TODAY

The injured man was brought by the driver to a local hospital where he was given treatment. It was at first believed that he had not been seriously injured, as he sustained only a few cuts and bruises on the face and legs. Shortly before 1:20, however, the man passed away. An autopsy will be performed this morning.

De La Briandais was reputedly one of the wealthiest men in the Pinole area. He owned a large service station and an auto camp of a score of bungalows. The man and his four sons operated the establishment.

PLANNED TRIP ABROAD—De La Briandais had planned to visit France within the very near future, it was learned. He received his passport several days ago and was preparing to leave within the next few days.

Just what De La Briandais was doing walking on the highway, or where he had spent the evening, could not be learned this morning.

The body has been taken to the Wilson & Kratzer chapel where funeral services and an inquest are pending.

Deceased who had resided in Pinole for many years, leaves his widow and four sons.

ISLAND PORT FOR CLIPPER SHIPS READY

Alameda, June 6—UP. On a new island, in the Midway group, 135 miles northwest of Honolulu, a modern air station tonight opened coming of Pan American Airways. Clipper ship, first of an expanded host of planes to serve commercial wings over the Pacific.

"We're ready," company representatives stationed on the island advised the Alameda base of the projected California-to-China route tonight.

Those messages summarized six weeks' hard labor and technical work on the alternately sun-blasted and rain deluged "island" off coast. More significantly, it marked completion of a major project of the United States' steady westward aerial penetration.

Within the last month the vast airfield of the United States fleet numbering more than 300 planes, staged a series of spectacular flights in the vicinity of Honolulu-to-Midway leg of Pan American's projected route. Forty-three planes made a record mass flight from Pearl Harbor to Midway.

The clipper ship already has to credit the first round trip commercial hop between California and Honolulu. With a week or to go, it will fly to Honolulu and on to Midway, then probably return via the same route.

It may be a round trip to Wake Island, 1,900 miles farther. Then it will fly to Canton and Midway, where the route will come to an already established air base.

Advices from Midway tonight said that final tests of the powerful radio station installed there had been completed with bearing stations on islands from known Hawaiian Islands landmarks and from stations on the Pacific.

The station will be the third of a chain to be used in routing the light of the trans-Pacific planes in directional beams.

Neither winter storms nor summer heat can effect the tranquility and serenity of Mausoleum burial.

PIE whenever you want it—

if the pie-crust is made with Crisco, the quick-digesting shortening

Pie? Say, dear, why
do you tempt me?

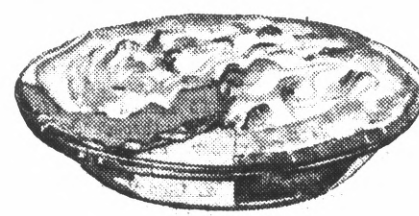

Don't worry, dear. This
pie crust will agree
with you. I made it
with Crisco, the fat
that digests quickly.

Miss Hester Heath, well-known cooking expert
who is conducting the Cooking School sponsored
by the Record-Herald, uses and recom-
mends CRISCO, the modern, QUICKLY-DI-
GESTING shortening.

Is it whenever you want it? Sure, if the pie-crust is made with Crisco. For Crisco pie-crust doesn't work the stomach overtime—Crisco is a pure, creamy, light shortening that digests quickly.

Many folks who've had to watch their diets have written letters telling us what a change Crisco has made in their lives. They're eating pie like regular healthy people now that the shortening used for pie-crust is Crisco.

Turn out a lovely, flaky pie tonight—made by a tested Crisco recipe such as the dainty "Affinity Pie" recipe given below. No other shortening will do. Crisco is made from pure, wholesome oils by Crisco's own process. That's why it's so creamy. That's why it keeps sweet-tasting and "quick-digesting" for weeks and months!

AFFINITY PIE

CRISCO PIE-CRUST
(makes one 2-crust or 2 single-crust pies)
2 cups flour
1 teaspoon salt
2 1/2 cups Crisco
6 to 8 tablespoons cold water
Sift flour and salt. Then cut in Crisco (the wholesome, fluffy shortening that's wholesome). Cut in Crisco coarsely if you like a flaky crust—cut in Crisco finely if you like a mealy crust. Add only enough water to hold mixture together. Roll 1/8 inch thick on lightly floured board.

For baked shell, cover an inverted pie-plate very closely. Trim dough so you can fold it double at edge. Crimp edge. Prick bottom and sides well. Bake in hot oven (450°F.) 15 minutes. For two-crust pie, brush lower crust with melted Crisco to prevent filling from soaking in. Bake in hot oven (450°F.) for 10 minutes—reduce to moderate (350°F.). Bake until filling is done.

Lemon Meringue: Beat 2 egg whites stiff. Add 4 tablespoons sugar and 1/2 teaspoon lemon juice. Place pie in slow oven (325°F.). Bake until meringue is golden brown.

for creaming shortening, mashing vegetables, separating whites of eggs, removing eggs from hot water, etc.

CHAIN STORES THREATEN TO QUIT STATE

SAN FRANCISCO, June 6.—One of the world's largest grocery firms, has definitely decided to close its 100 chain stores and to shift definitely to huge volume of California purchases, if the chain store tax bill is signed by Governor Merriam.

This was learned today from J. V. Beckmann, California purchasing agent for the Great Atlantic and Pacific Tea Company, operator of 1,000 retail provision stores in the United States.

NO MORE LEASES
"We have already received a wire from John A. Harbo, principal owner of the company, instructing us to ascertain immediately how many leases we can cancel, and to renew no leases in California," Beckmann said.

The Crown-Murray chain store tax bill, now before the Governor, would impose a tax of \$500 a year on each store in chains of more than 10 units. For the A. & P. chain in California, this would mean a tax of \$500,000 annually.

HUGE PURCHASES
The company purchased California commodities to the extent of \$60,000,000 in 1934, according to Beckmann, for sale not only in this state but throughout the Nation. The bulk of the money went to California agriculturists, packers and fishermen.

In addition to these purchases, the company paid out in California \$2,000,000 in salaries and wages to its 5,000 employees, and another \$2,000,000 in rents and taxes. The company has operated retail outlets in California for less than eight years, and, according to Beckmann, it has lost \$1,300,000 in these retail operations over the last five years.

UNUSUAL "JURY" FINDS ONE BEER ALONE to equal pre-war Pilsner

DON'T take advertising claims! Don't take our claim... taste it yourself!

Find out before another moon goes by the pungent strength, the special goodness that Bohemian brewmasters put into the real Pilsner of old.

How can you do that? By tasting this Brown Derby Beer.

Of 10 leading brands set up (side by side with imported Pilsner) before old-time beer-experts—only this unique Brown Derby was found to match the imported.

"That's only the opinion of 11 men out of 12," you say. We grant it. But these 11-out-of-12 old-timers FOUND SOMETHING in this one beer.

A flavor and body lurking below Brown Derby's creamy head that've waited years to taste again. THE AUTHENTIC PRE-WAR PILSENER TASTE.

If you love beer, what these experts found is worth proving, isn't it? It's easy to do.

Just get some bottles of Brown Derby Beer. Drink it critically. Compare with any other on the market here. Then decide.

ROOSEVELT LOSES POWER IN NEW NRA

WASHINGTON, June 6.—UP—Ninety-one words, scribbled on a piece of paper in a House committee room today, will be the charter that will extend NRA until April.

The House will pass it tomorrow and send it to the Senate. Debate will be limited to two hours, but amendments may be offered.

It took the House ways and means committee three hours to get those 91 words. Then the committee voted to report the resolution to the House. Nineteen committee members voted aye; five voted present; nobody voted no.

This is what the committee was voting on:

"Resolved by the Senate and House of Representatives of the United States of America in Congress assembled:

ROOSEVELT LOOSSES POWER
"That Section 3c of Title One of the National Industrial Recovery Act is amended by striking out 'at the expiration of two years after the date of enactment of this act' and inserting in lieu thereof 'April 1, 1936'."

"Section 2. All the provisions of Title one of such act delegating power to the president to approve or prescribe codes of fair competition, and providing for the enforcement of such codes are hereby repealed."

Farmers Stir Solons To Action On Moratorium

SACRAMENTO, June 6.—UP—A demand of 200 farmers for protection against foreclosure today jarred the State Senate into promising immediate action on the Jones mortgage moratorium bill.

Moving into the governor's office and then into the Senate, representatives of the State Grange, California Farm Bureau Federation and the Farmers Union, made it clear they would not give up their farms without a fight, but preferred passage of legislation that would permit peaceful retention of their homes.

W. H. Howard, Santa Rosa, said the danger of foreclosure was never greater. He quoted current agricultural prices to show that the farmers' income had not increased to the degree popularly supposed.

Auto Race Death Crash

ABOVE ARE the remains of the black racer in which 24 year old Clay Weatherly of Cincinnati was dashed to death at the Indianapolis automobile races. but the prize to be offered have been increased in number for the final day.

Included among them will be a Roasted Ham donated by the meat market of the Richmond Drive in Market, Twenty-third and McDonald, a basket of groceries from Nelson Brothers at the Twenty-third Street Drive in Market, an order for a pair of Red Cross shoes, the kind that fit four feet, by Albert's Department Store, butter and cottage cheese from the Richmond Farm Creamery, a basket of fruit and vegetables from the Lincoln Market, manufacturers' samples of Crisco, Morton salt, K. C. baking powder, Star olive oil, theater tickets and subscriptions in the Record-Herald.

Appended are the recipes for the dishes prepared by Miss Heath yesterday afternoon. They are in convenient form for clipping and pasting to filing cards used universally for recipes:

MACARONI SOUFFLE
One and one-half cups cooked macaroni, 1/2 cups cheese (shredded), 1 tablespoon minced parsley, 3 eggs (separated), 3 tablespoons minced pimientos, 2 tablespoons Star olive oil, 1 tablespoon minced onion, 1 cup scalded milk, 1 teaspoon Morton salt, 1/8 teaspoon pepper, 1 cup soft bread crumbs.

METHOD: Cook macaroni, add cheese. Pour scalded milk over bread crumbs, add to macaroni. Add parsley, onion, pimiento, butter, salt and pepper and slightly beaten egg yolks; fold in stiffly beaten egg whites. Garnish with paprika. Bake in pan or casserole at 325 degrees until firm—about 15 minutes. This may be served plain or with mushroom and egg sauce for a more filling dish.

TOMATO SURPRISE SALAD
One package strawberry-flavored gelatin, 1/2 cup celery (diced), 1 can tomato soup or hot sauce, enough water to make two cups of liquid, 1/4 cup sliced stuffed olives.

METHOD: Dissolve gelatin in boiling water, add tomato sauce and tabasco sauce. Cool. Add celery and olives. Pour into molds and conceal in refrigerator. Molded in rings molds—filling the center with shrimps, crab meat or tuna makes a delicious salad for a luncheon.

NOVELTY FRUIT SALAD
Four peaches, 4 pears, 1 cup cottage cheese, Maraschino cherries, green pepper, salad dressing, lettuce.

METHOD: Alternate slice of peach and one of pear in wheel shape on crisp lettuce until circle is complete. Place spoonful of cottage cheese in center. Garnish with pieces of Maraschino cherries to make five-petaled flower on top of cheese. Stem and leaves made of green pepper strips. Serve salad dressing at side. Accompany with cheese or mayonnaise patties for separate course.

CHEESE PUFFS
One egg, 1/2 cup milk, 1 cup grated cheese, 1 1/2 cups flour, 1 teaspoon K. C. baking powder, Morton salt and pepper, few drops of tabasco sauce.

METHOD: Beat eggs, add milk, flour, baking powder, cheese and seasonings. Beat well. Drop by spoonfuls in hot fat. Fry to a golden brown. Serve with fruit salad for luncheon. (Heat Crisco until it browns a one-inch cube of bread in 60 seconds. Not too hot or cheese will burn.)

ORANGE AND NUT MUFFINS
Two cups flour, 2 teaspoons K. C. baking powder, 1/2 teaspoon Morton salt, 2 tablespoons sugar, 1/2 cup nut meats, 1 cup milk, 1 egg (beaten), 3 tablespoons melted Crisco, 1/2 tablespoon grated orange rind.

METHOD: Stir dry ingredients together. Add orange rind and nuts. Mix milk and beaten egg; add to dry ingredients. Stir. Add melted butter. Bake in greased muffin tin at 350 degrees Fahrenheit for 15 minutes.

PORCUPINE MEAT BALLS
One pound round steak, 1/2 pound shoulder pork, 1/4 cup No. 1 rice (uncooked), 1 egg, 1-1/2 cups milk, 1 onion (minced), 1 slice bread, 1 teaspoon Morton salt, 1/4 teaspoon pepper, 1 can tomatoes, 1 tablespoon sugar to tomatoes (if desired).

METHOD: Grind the meats and mix in uncooked rice thoroughly. Add bread soaked in milk. Add the onion, salt, tabasco and pepper. Mold into balls the size of an egg. Pour the tomatoes and hot water into a casserole. Put the meat balls into the mixture and cook one and one-half hours at 250 degrees.

EASY FROSTING
Put 1/2 cups granulated sugar, 2 unbeaten egg whites and 1/2 cup water to cook over boiling water. Beat constantly with egg beater until 1/2 teaspoon vanilla flavoring. Beat until frosting holds shape. Remove from heat. Frost sides and top of cake.

FRUIT FUDGE
One-half cup ground chocolate, 1 cup hot water, 1/2 cup Crisco, 1/2 cups sugar, 1/2 teaspoon Morton salt, 2 eggs, 3/4 cup sour milk or buttermilk, 2 cups cake flour, 1 teaspoon K. C. baking powder, 1 teaspoon soda, 1 teaspoon vanilla.

METHOD: Cover chocolate with hot water, cook until thick and smooth. Set off stove to cool. Cream together shortening, sugar, eggs. Add flour sifted with baking powder and salt alternately with milk. Add vanilla, then the chocolate last. Fill pans that have been greased and floured 2-3 full. Bake in moderate oven (350 degrees Fahrenheit) for 30-35 minutes.

BANANA MARLOW
Twenty marshmallows, 1 cup hot milk, 1 tablespoon lemon juice, 1 cup nut or chocolate, 1 cup cream.

METHOD: Melt marshmallows in hot milk. Freeze. Add banana pulp and lemon juice. Combine with cream which has been whipped until stiff. Put into trays of refrigerator and freeze without stirring.

PIEAPPLE-APRICOT JAM
Two cups pineapple (cubes), 2 cups apricots, 1 cup fruit juice, 2 tablespoons lemon juice, 1 package Pen Jel, 5 cups sugar.

METHOD: Bring fruit and juice to boil. Add Pen Jel. Stir vigorously. Add sugar; continue boiling until desired consistency. Pour into sterilized glasses. Cover with paraffin. Cool. Cover with second layer of paraffin.

PEACEFUL GESTURE
The Chinese authorities made a broad conciliatory gesture to Japan's latest demands for cessation of anti-Japanese activities in the demilitarized North China area, and it was hoped conflict could be averted.

General Yu Hsueh-Chung, whose ouster Japan demanded, was relieved of his duties as Governor of Hopei.

ARMY IS SENT

He withdrew to Peking-Fu, where he will assume duties as commander of the bandit suppression forces along the borders of Szechuen, Kansu and Shensi provinces, in China's northwest frontier.

To replace General Yu's forces, the 32nd army's 112th division proceeded to Tientsin to maintain order.

Withdrawal of General Yu lessened the tension somewhat, but troop movements kept the populace disturbed.

MILITARY MOVE APPROVED
TOKIO, Friday, June 7. UP—The Japanese foreign office "concurs in the military representations in North China," a spokesman for the department said today as the war office dispatched secret instructions to the commanders in the disturbed area where cessation of alleged anti-Japanese acts is demanded.

A war office spokesman told the United Press that Japanese forces in North China, doubled when replacements arrive today, would stay at that strength until China accedes to the army's demands.
